AESTHETICS OF ECLECTICISM

折衷美学

Austere but not extreme,
contemporary yet timeless,
calming yet not ascetic,
strong but not intimidating,
elegant but not ostentatious,
simple but not soulless.

朴素但不拘，
当代且永恒，
平静但不禁欲，
努力但不威压，
优雅但不浮华，
简单却不失灵魂。

First encounter with Art is a boy, stubborn and biased;
full of enthusiasm, adhering to the oriental classical
and original creative concept, uncompromising,
but still with the passage of time,
I feel more and more aware of thought and depth,
becoming a closer friend of LAVVEN!

OUR VISION
我们的使命

一个略有固执和偏见的男孩，
对艺术充满了梦想和热情，
保持着与潮流的距离，
坚持经典的原创设计，
随着时间的流逝，
永远成长，拒绝成熟。

“SERENDIPITY” is discovering something by chance and having the wisdom to appreciate its beauty, even without thinking it out...

Our design is a celebration of the interplay between intelligence and emotion, playfulness and reflection. It is the embodiment of freedom and love. Inspired by life, shaped by curiosity and emotion, intuitive and ready to embrace the serendipitous moment.

设计的成功来自于智慧和情感的交织，产生有趣的共鸣。自由和热爱，一切缘于生活。直觉和好奇心塑造，拥抱意外惊喜的瞬间。

The ultimate purpose of design is to take the breath away. We believe that emotion lies at the centre of design. We believe that in every design lies a soul. We believe in design informed by you.

设计的真正意义在于空间里总是藏着不朽的创作灵魂。

We embrace contradictions. Within complexity lies simplicity, within the shadows lies light, in the future we see the past, in chaos, we find serenity. Our designs are invisible. Our role is to unveil the creative expression hidden within the layers of life. We succeed when you can't see what we've done. We may unearth the story but we let it tell itself. The true meaning of life lies in the invisible.

我们拥抱冲突与矛盾。简藏于繁，光藏于影。在未来我们看见过去，于混沌中我们细味宁静。看不见的奢华，隐藏在细节中。故事在空间中娓娓道来，我们深信无形即是真谛。

Our most precious memories are the tactile experiences that shaped and framed us. The feel of wood, marble and stone informed our earliest experiences. Our bodies and minds respond to the physical and emotional sensations aroused by familiar materials and fabrics. We believe in allowing these memories to speak and to express themselves through the design.

我们保留对于不同材质敏锐的感知：木的谦和，石材的浑厚，布的私密，皆来自触觉的珍贵记忆。空间里的每个材料都可以自我表达，并成为使用者的物质和情感的追忆。
